

Dear sirs,

I write to express my deep regret that the protection of St. Catherine's Park has been removed from the Leixlip local area plan.

The park is a superb resource for all of the community in Leixlip and deserves to be protected appropriately.

There is no justification for the removal of the protection of the park, kindly reverse this immediately. This is an issue that will remain until the protection is restored.

Kind regards,  
Emma Mahon
