**Property: Our lands at Collinstown, Leixlip, Co. Kildare.**

**Folio: KE13783 – 13.96ha.**

**Re: Leixlip Local Area Plan 2020-2026.**

Dear Sir/Madam,

We refer to the above plan and wish to make a submission to Kildare County Council in respect of our lands at Collinstown, as indicated by the above folio.

We confirm the subject lands have been in our family possession for the last 50 years and we have continued to farm the land since then.

We note the recent proposed key development area vision for Collinstown. It is our opinion this proposed zoning and layout is badly designed, lacks imagination and is far too narrow in the proposed allowable usage.

We are also of the opinion that it may not be workable to progress any such development within the lifetime of the development plan, as there are various other landowners who must all have the same vision as Kildare County Council.

We feel it is in our best interest to continue farming our land for the foreseeable further or until a better designed and workable plan for the KDA can be produced.

We trust that careful consideration can be given to this submission.

---

James & Terry Kelly
