I completely disagree with the plans to ruin Catherine's park by putting a bridge through it. As a newly retired member of the community i can appreciate how vital it is to the whole community - keeping us active; allowing us to meet up and socialise. Also the plans to move confey Gaa club - of which i am a lifetime member with no regard or discussion with members is insulting and bullyish behaviour. I agree that housong is meded in the area bit you are going about it all wrong
