P2	04.06.2024	Part 8 Planning Application Revisions		

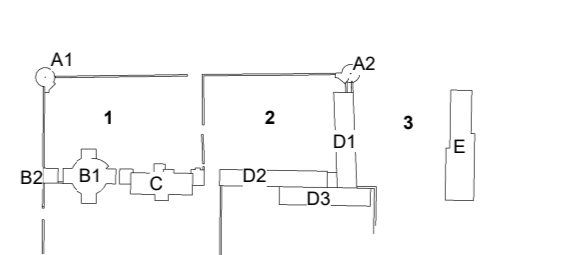

Notes:
 Do not scale drawings. All dimensions should be checked on site. Errors to be reported to Architect. To be read in conjunction with all relevant Architect's services and equipment drawings. Contractors, sub-contractors and suppliers must verify any critical dimensions on site prior to fabrication of any building element. Any discrepancies are to be reported to the Architect. This drawing should be read in conjunction with all relevant specifications, engineers and specialist consultants' information. Any discrepancies must be reported prior to installation.
 No information in this drawing/specification should be interpreted as design related to the safety or the performance. As required by the Professional indemnity member we exclude any liability whatsoever for the safety of buildings, products, materials or systems and assume these will be to others such as the Engineer and Specialist Contractor Design.
