Final Residential Zoned Land Tax Maps - 2025

Note:
 This Final Residential Zoned Land Tax map represents the outcome of the consideration of the local authority of land which complies with the relevant criteria and falls within scope for the application of the taxation measure.
 Lands which were included in the draft maps (published on 1 February 2024), are included in these final maps, except where:
 • Lands in relation to which landowner submissions challenging the local authority's decision that the lands satisfied the relevant criteria, were successful, including nearby sites with the same characteristics.
 • Lands subject to local authority appeal determinations to retain the lands on the map, but were appealed to An Bord Pleanála, and where the determination of the local authority was not upheld by An Bord Pleanála.
 • Lands subject to any changes to zoning which have occurred since 1 January 2024 as a consequence of the adoption of new development plans or variations, or where a local area plan forms the basis for land use zonings, the adoption or amendment of an LAP, such that the land no longer meets the criteria for inclusion.
 • Lands within settlements where the Úisce Éireann's capacity registers, published in December 2024, have identified a change in status since 2023 from green or amber to red for wastewater or water supply treatment such that the settlements or lands would no longer meet the criteria.
 Where submissions were received by the local authority on lands included on the draft map and where a determination was made by the local authority to retain the lands; subsequently an appeal was made to An Bord Pleanála, and the Board has not reached a decision in respect of an appeal by 30 days prior to the publication of the final map on 31 January 2025, the land in question shall be included in the final map. Where these decisions are made by 1 January 2025, they will be reflected on the draft revised final map for 2026, published on 01 February 2025.
 These maps identify all the land considered to be in scope in Kildare County Council's functional area, provide overall area in hectares, and the date which each parcel of land was considered to be in scope, if after 1 January 2022.
