ANOMALISA

Dir: Duke Johnson

90mins | USA | 2015

Returning to the theme of human connection that ran through his feature directorial debut, Synecdoche, New York, and his screenplay for Being John Malkovich, Kaufman delivers an even more insightful rumination on love here, one that finds its perfect expression in the fragility of the film's stop-motion figures. This is a beautiful, one-of-a-kind romance.
