

Kildare County Council

Capital Programme 2021-2023

Peter Carey
Chief Executive

KILDARE COUNTY COUNCIL

Comhairle Chontae Chill Dara

TO THE MAYOR AND EACH MEMBER OF KILDARE COUNTY COUNCIL

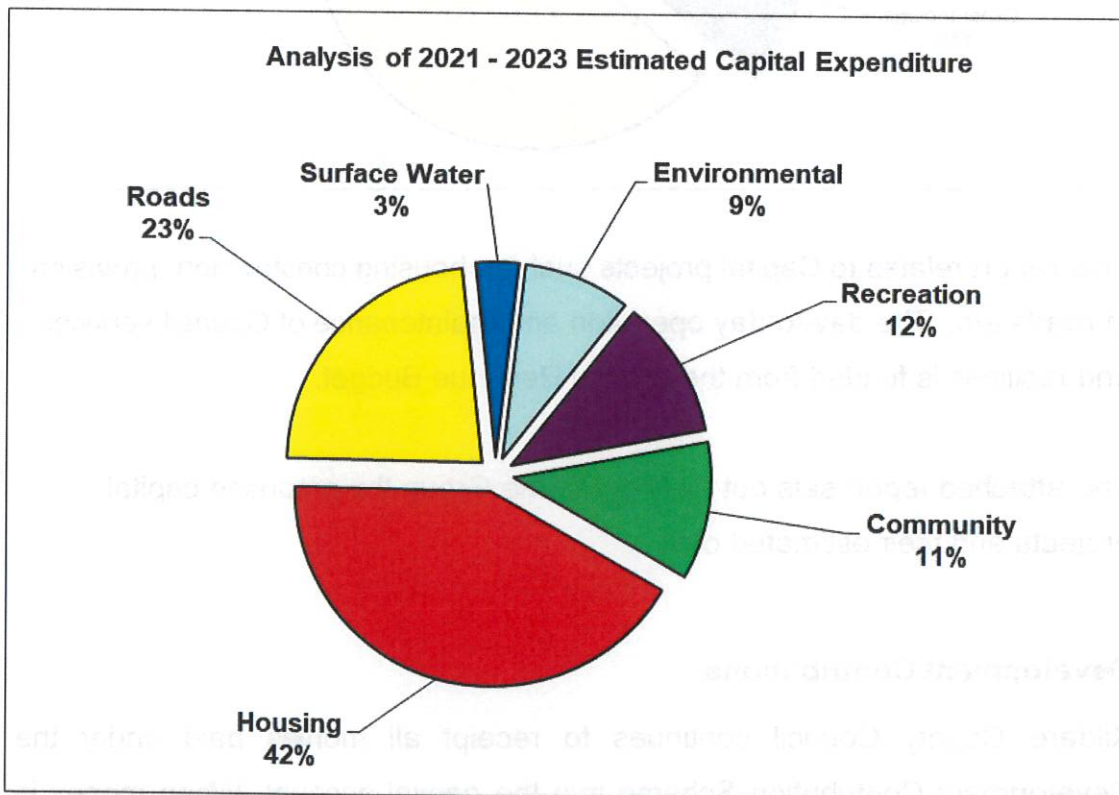

RE: Three Year Capital Programme 2021 – 2023

Introduction

The proposed capital projects for the period 2021-2023 are presented to Kildare County Council for consideration under Section 135 of the Local Government Act 2001.

Expenditure 2021-2023

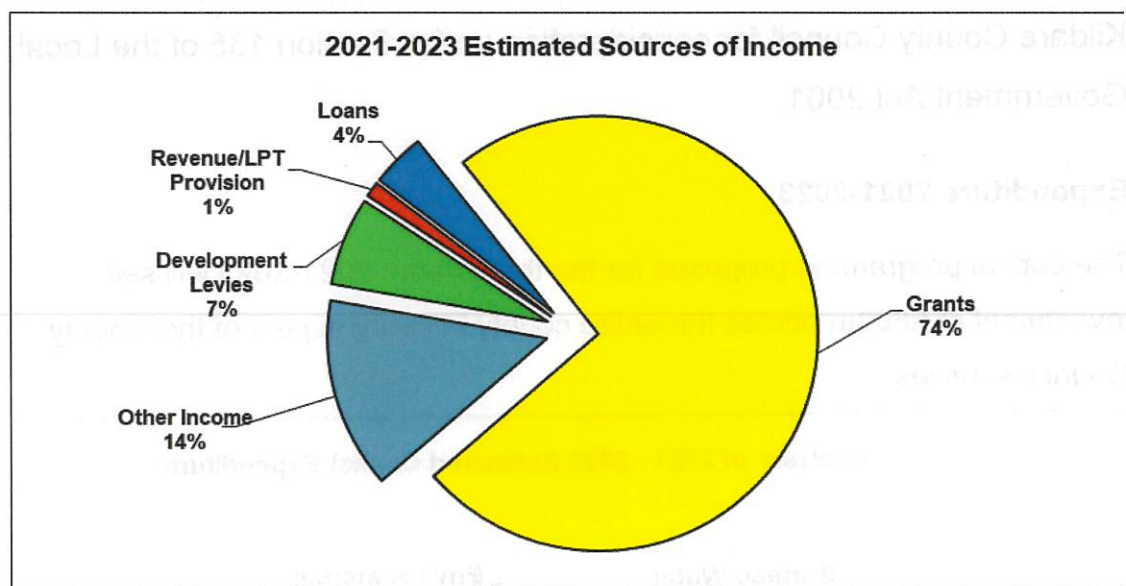

The capital programme proposed for the three years 2021-2023 will see investment of **€500m** across the entire county in every aspect of the County Council services.

Income 2021-2023

Progress on and delivery of these projects is entirely dependent on the availability of adequate funding from Exchequer/EU together with Development Levies and council's own resources. The commitment of funding from other sources is imperative prior to the commencement of any of the projects listed in this capital programme.

This report relates to Capital projects such as housing construction, provision of roads etc. The day-to-day operation and maintenance of Council services and facilities is funded from the Annual Revenue Budget.

The attached report sets out by Programme Group the proposed capital projects and their estimated cost.

Development Contributions

Kildare County Council continues to receipt all monies paid under the Development Contribution Scheme into the capital account. When money is applied to capital infrastructure projects adjustments are made to reflect same in accounts.

Appendix II Statement of Development Contributions covers the period from the commencement of the scheme in March 2004 up to 31st August 2020. This statement shows the actual receipts from the development contributions scheme in that period and the projects these development contributions have been assigned to.

It is estimated that €32m will be received under the development contribution scheme in the period 2021-2023 and the projects to which these receipts will be assigned to are shown on Appendix I.

Climate Action Projects

Over 37% of expenditure in the Capital Programme 2021-2023 are climate action related projects reflecting the Council's commitment to the climate action.

Climate Change Projects 2021-2023		
Programme	Project	€m
Housing	Social Housing Construction Programme	126.30
Roads	Public Lighting Infrastructure	9.03
Surface Water	Surface Water Schemes	17.14
Development	Barrow Blue Way/Greenways	11.50
Environment	Northern Civic Amenity	4.00
Parks	Parks	18.30
Total Climate Change Projects:		186.27
Total Capital Projects Expenditure 2021-2023		500.76
Climate Change projects % of overall capital projects		37%
