Tairsceanna Láithreach (Feidhmeanna na Comhairle Contae)

Current Motions (Kildare County Council Functions)

10. Councillor Wall

That the council consider a grant scheme for Kildare Sports clubs, including the option to use Local Property Tax (LPT) funding as part of any such scheme, notwithstanding the very welcome reintroduction of the Sports Capital Grant, such a scheme would have terrific benefits for our population.

11. Councillor Ó Cearúil

Given the national crisis in housing provision, it is agreed that Kildare County Council will ensure that it has the required specialist and technical supports in place to give the critical attention required to deliver and implement Rebuilding Ireland - Action Plan for Housing and Homelessness, in our council area.

12. Councillor Brett

That Chapter 17.13.6 of the County Development Plan 2017-2023 is varied to read as follows: The council supports the development of on-line and off-line service facilities in appropriate locations in accordance with the guidance set out in the Spatial Planning and National Roads Guidelines for Planning Authorities - Department of Environment, Community and Local Government (2012).

13. Councillor Lynch

That in conjunction with waste collectors in the county, this council devises and runs a recycling campaign advising households and small businesses as to the correct procedure for recycling; what items are recyclable, what is waste etc; and that an information pack or small sign is created that can be kept in the home or hung near the bin which can easily and accurately give people information on which products goes into what bin. Following this, as in other authorities, a breakdown of waste or recycling collected should be provided to the householder by the waste provider.

14. Councillor Cussen

That this council requests a report from Fingal County Council to Kildare council members (full council), in respect of the indicative road line in St. Catherine's Park in their County Development Plan (CDP). The report to contain details of actions required, with the relevant time-frame for same, to amend their CDP which has an indicative road line in the part of St. Catherine's Park, which is in Kildare.

15. Councillor Stafford

That this council furnish a quarterly report to members in respect to applications for declarations of exempt development pursuant to Section 5 of the Planning and Development Act, 2000 which will detail the following:

- (i) the number of applications
- (ii) the number granted
- (iii) the number refused
- (iv) an indication of the type of application
- (v) the number of applications still unresolved from the previous quarter

16. Councillor McLoughlin Healy

Unless and until the council addresses its' failure to ask all Town or County Twinning Associations to provide evidence of good governance, accountability, transparency and fairness in the expenditure of council funds which, being tax-payers money of up to €100,000 +/yearly, the Twinning Associations are likely to, and should be happy to provide, that the funds are reallocated to food banks and food share programmes around the county, including (but not limited to) Newbridge Food Share Programme, The Dining Room Project and St. Vincent De Paul, currently providing food parcels for more than one hundred and forty families in Newbridge alone a week, and up to one thousand families around the county. And that as part of the review of council protocol in relation to town twinning that the council consider specific criteria that must first be met by all proposed new Twinning Associations before requests for increased expenditure of public monies on the Twinning of towns or county are considered.

Joint Motion

17. Councillor Keatley, Councillor Breen, Councillor McEvoy, Councillor Moore

Given that updated setback distances from wind turbines have been published, that the council complete the spatial analysis initiated with Maynooth University to prepare a variation of the energy policies in the County Kildare Development Plan 2017-2023.

18. Councillor Young

That the council resolves to amend our policy on the provision of emergency accommodation, especially where children are involved, such that rent arrears to third parties (private landlords), do not constitute grounds for Kildare County Council refusing to provide emergency accommodation for persons who are homeless.

**Tairsceanna Láithreach (Nach feidhmeanna na Comhairle Contae iad)
Current Motions (Non-Kildare County Council Functions)**

19. Councillor O' Neill

In light of further withdrawal of banking services to cashless banks, I ask that this council writes to the Department of Finance urging them to expand the powers and remit of Credit Unions and Post Offices so that these institutions can provide the local services that the banks are taking away from our communities.

20. Councillor Redmond

That the members request that a letter be written to the Minister for Finance requesting that he takes action to intervene where banks in local towns are becoming cashless. This is becoming policy of the banks and will make the lives of local communities very difficult.
