## **CLÁR/AGENDA**

1. Fógra um leasanna airgeadais nó leasanna tairbhúla faoin alt 177 den Acht Rialtais Áitiúil 2001, arna leasú.

Declaration of pecuniary or beneficial interests under Section 177 of the Local Government Act 2001, as amended.

2. To Consider Chief Executive's Report on consideration of Motions received to Proposed Draft County Development Plan

3. **To consider Motions Received.**

1. **Motion - Cllr. B Wyse**

In section 1.1, update the name of the "Clane Maynooth Municipal District" to its full name.

2. **Motion - Cllr. B Wyse**

In Map V1-1.1, update the name of the "Clane Maynooth Municipal District" to its full name.

3. **Motion - Cllr. B Wyse**

In section 1.3, replace the words "The county has grown more that 71%" with the words "The county has grown more than 71%."

4. **Motion - Cllr. V Behan**

That the M9 Motorway be included in reference to the Multimodal transport corridor.

### **Chapter 2 – Core Strategy & Settlement Strategy**

5. **Motion - Cllr. B Weld**

Although the Chief Executive Report on submission dated 25th June 2021 indicated that the motion to correct the status of Clane to a 'Self-Sustaining Town' was agreed i.e., colour codes Motion - Green , the updated draft has left Clane as a town. This does not concur with the direction of the RSES and should be amended.

**6. Motion - Cllr. B Weld**

Unit numbers and population projections look to have reduced further from the already reduced targets given in Variation No. 1. Clane: Per Variation No. 1 – the target number of new houses is 145 units in 2023 and 337 units un 2026 i.e. 192 units between 2023 and 2026. The new draft gives a target for Clane of 219 units from 2023 to 2028. That would be 27 units allocated for the year 2027 to 2028 when compared with Variation No. 1. Variation No.1 gave target population increases from introduction to 2026 if 945 persons. The new draft gives target population growth from 2023 to 2028 of 604 persons. The plan covers a period of 2 years more but plans for 350 less people when compared to Variation No. 1.

**7. Motion - Cllr. B Weld**

That the housing target for Clane of 219 units be removed as current planned growth for the village makes it unrealistic over the lifetime of the plan.

**8. Motion - Cllr. B Wyse**

In section 2.3.1, add the following text to the 2nd paragraph which describes the National Strategic Outcomes: "The third NSO relates to strengthening rural economies and communities, and the Development Plan will also endeavour to ensure that not only will our existing rural communities remain viable places to live, but that they are strengthened over the lifetime of the plan."

**9. Motion - Cllr. B Wyse**

In Table 2.6, the list of rural nodes, replace the name of "Kilshancoe" with "Kilshanroe".

**10. Motion - Cllr. B Wyse**

In Table 2.6, the list of rural nodes, add back "Killina", given that the area has an established rural community and national school and must remain viable and be strengthened.

**11. Motion - Cllr. N Heavey**

Table 2.6 Amend to include Clongorey in rural settlement category in order for potential consideration of development of serviced sites and other matters.

Having regard to the historic settlement of Clongorey, that includes Blacktrench, Lattensbog, Barrettstown, and Derrens,

This settlement has its own Cemetery, its own Community Association, which owns Community Land on which is built and maintained its's own Community Centre which acts as a Polling Station for elections and referendums. In normal times it runs a full programme of community activities. St Patrick's Well FC play out of Clongorey in the Kildare Soccer League. Clongorey Gun Club is affiliated

to Kildare Regional Game Council. Mouds Bog Interim Group based in Clongorey negotiates with NPWS.

Historically Clongorey had its own school (until 1970), it's own shop and Clongorey GFC won championships in 1958, and 1978 and between 1887-1895 Clongorey was the centre of a protracted Land League Plan of Campaign, the infamous Clongorey Evictions led directly to the establishment of the Irish Land Commission instrumental in changing the structure of land ownership in Ireland from tenant farmers and Landlords to Freehold Landowners. In recent times Clongorey Group Water Scheme played a pivotal role in local development.

**12. Motion - Cllr. S Doyle**

Table 2.8 T

That Athgarvan be redesignated as village within the settlement hierarchy

**13. Motion - Cllr. B Wyse**

In Table 2.8, the Population and Housing Unit Targets, the populations provided for each of the villages are not using Census 2016 values and must be updated. The values derived from the total population in the villages must be adjusted accordingly.

**14. Motion - Cllr. B Wyse**

In Table 2.8, the Population and Housing Unit Targets, the populations provided for each of the rural settlements are not using Census 2016 values and must be updated. The values derived from the total population in the villages must be adjusted accordingly.

**15. Motion - Cllr. B Wyse**

In Table 2.8, the Population and Housing Unit Targets, the column headed 'Census 2016 Population' should contain values for all settlement types, including 'Rural Dwellers' in order to be complete by showing all values that make up the total for the column and to allow proper comparisons across settlement types.

**16. Motion - Cllr. B Wyse**

In Table 2.8, the Population and Housing Unit Targets, the column headed 'Settlements percentage per total County population' should contain values for all settlement types, including 'Rural Dwellers' in order to be complete by showing all values that make up the total for the column and allow proper comparisons across settlement types.

**17. Motion - Cllr. B Wyse**

In Table 2.8, the Population and Housing Unit Targets, the column headed '2021 Population Estimate' should contain values for all settlement types, including 'Rural Dwellers' in order to be complete by showing all values that

make up the total for the column and allow proper comparisons across settlement types.

**18. Motion - Cllr. K Duffy**

Regarding Table 2.8, Core Strategy Targets, that the core strategy housing and population target % within the settlement hierarchy of Self-Sustaining Growth Towns and Self-Sustaining be consistent across the towns in their settlement type to promote balanced, sustainable and equitable growth in the County, meaning SSGT would have a target of 7.8% and SST would have a target of 5.5% acknowledging that potential infrastructure and social infrastructure constraints might limit the percentage of growth at the LAP or implementation stage.

**19. Motion - Cllr. K Duffy**

In sections 2.13.4 and 2.13.5, Monasterevin is listed in the wrong settlement type, it should be in 2.13.4 Self-Sustaining Town and adjust the paragraph to outline its employment offering potential. Potential for tourism growth and industry around distilling and brewing with the recent investment in the Church of Oak Distillery (circa \$20 million).

**20. Motion- Green Party Group**

That the County Development Plan outlines a strategic approach to plan for new settlements that support more sustainable and manageable growth through the county, supporting residential, community and business zones on key infrastructure corridors and close to areas of employment.

That new village or quarter-based communities conditioned and phased based on appropriate infrastructure and planning are progressed based on an appropriate urban design code, and that other centres are planned for as the DART+ extends beyond the current phase, and around a Naas-Newbridge economic and community growth conurbation, and the Self-sustaining growth towns in South Kildare.

**21. Motion - Green Party Group**

To include a new objective at the end of Chapter 2 'Core Strategy and Settlement Strategy' to read as follows; 'In order to provide for a comprehensive, plan-led approach of the northeast of the county, that consideration of a Joint Local Area Plan for Leixlip and Celbridge will be prioritised following the adoption of the Kildare County Development Plan 2023-2029. A Motion - Green Belt shall be identified between Celbridge, Leixlip and Maynooth to avoid the coalescence of these towns.

**22. Motion Social Democrats**

2.13 Self-Sustaining Growth Towns  
Leixlip as a Self-sustaining growth town will have adequate resourcing and funding within the lifetime of the span in respect of provision of social

infrastructure and new open space as to support communities who live and work there where this has been deficient in the output from the last plan cycle.

**23. Motion Social Democrats**

Add to CSO 1.17

To add that the improvements in the labour force would be the development of specific apprenticeships in the technology, tourism, youth and childcare sectors during the lifetime of the plan to enhance and develop the agility of the workforces in those sectors.

**24. Motion Social Democrats**

SO 1.6 Promote measures to reduce vacancy and the underutilisation of existing building stock and support initiatives that promote the reuse, refurbishment and retrofitting of existing buildings within settlements. To add that developing a meanwhile use policy within the first two years of the plan to encourage renewal of unused buildings within town centres.

**25. Motion Social Democrats**

CSO 1.11

To ensure key project plans are prepared in advance of funding announcements and to have plans prepared in the event of additional government funding applications opening. To prioritise areas where no funding has been delivered for long periods of time .

**26. Motion Social Democrats**

CSO 1.12 To amend CSO 1.12 where “measurably” adequate transport

**27. Motion - Cllr. Joe Neville**

Objective - CSO. That the Council seek a national funding requirement for Kildare towns included in the MASP area for recreation and community requirements. This is due to the extra housing that will be required which will require Dublin level facilities for this area included in the Dublin Metropolitan strategy

**28. Motion - Cllr. Joe Neville**

Action - That the County Development plan considers the rebalancing downward of the population for the Leixlip and Celbridge MD. While accepting it is in the MASP area consideration needs to be taken of the geographical limitations and local character of the areas.

**29. Motion - Cllr. Joe Neville**

That a rebalancing be sought for the area for the Leixlip LAP or the Municipal District itself to ensure that Leixlip/Celbridge Motion - Cllr.s themselves can work on their Local Area Plans independently.

**30. Motion - Cllr. S Doyle**

Overall Aim;  
That this statement include reference to job creation.

**31. Motion - Cllr. S Doyle**

Table 2.2 That Newbridge be designated a Key Town in settlement strategy.

**32. Motion - Cllr. S Doyle**

Amend to Include, 'Sustainable and socially integrated communities through land use planning...'

**33. Motion - Cllr. C Kelly**

CSO 1.6 Include the word initiate  
'Promote and initiate where feasible, measures to reduce .....

### **Chapter 3 – Housing (Non-Rural)**

**34. Motion - Cllr. N Heavey**

Each housing development developed in County Kildare shall reserve at least 25% of its houses for sale to people with a local need as defined by KCC Planning Authority or proof of having attended school(s) within County Kildare or in a catchment area serving County Kildare students.

**35. Motion Social Democrats**

New Objective  
Zone affordable housing areas within the County and plan for inclusion of affordable housing zoning as a pilot in the Maynooth and Newbridge LAP processes and at Confey UDZ Masterplan stage

**36. Motion Social Democrats**

New Objective (Section 3.12)  
That it is important that the County has housing that is affordable and attractive to all who want to live in

**37. Motion Social Democrats**

HO O2 To add that affordable housing zones/ new category of zoning, should be included in the HNDA

**38. Motion Social Democrats**

HO O3 To add that affordable housing zones should be included in the HNDA

**39. Motion Social Democrats**

HO P9 Totally underprovided for affordable in terms of percentages offered. Suggest 1/3 affordable as per households that have earnings between 35k and 60k net

40. **Motion Social Democrats**

HO O37 Motion i) Amend to cease the use of social leasing for the lifetime of this plan. ii) Instead of leasing to acquire borrowings for stock and to support more families to access units owned by KCC rather than provisioning private rented

41. **Motion - Cllr. M Stafford**

Insert a cumulative element to Housing Objective such as HO O15 to ensure compliance with requirements to provide Part V, Statement of Housing Mix and Universally designed units.

42. **Motion - Cllr. S Doyle**

HO P9 Include (C) Where part V provision on planning applications is being accepted off site, that the units offered be located within the same local primary school catchment area of planning permission for which they fulfil Part V obligations.

43. **Motion - Cllr. S Doyle**

HO O37 Remove 'Leasing'  
This does not preclude leasing, but we should not be supporting this housing method in our CDP, as it is costly and presents a burden to LA in meeting housing needs of tenants when lease expires.

44. **Motion - Cllr. S Doyle**

HO P11 Add objective, 'Ensure that our settlement hierarchy delivers housing stock that facilitates a balanced socio-economic demographic throughout the County.' Ideally this should be under regular review through AIRO

45. **Motion - Cllr. B Wyse**

In section 3.13.2, correct the spelling of Naas where the M7 Naas Business Park is mentioned.

46. **Motion - Cllr.. B. Wyse**

In HO O46, include a full reference to the Development Management standards referred to in this objective.

47. **Motion - Cllr. E Sammon**

Under 3.11.1 insert objective: To make Ballymore Eustace the first Age Friendly Village in Kildare

48. **Motion - Cllr. K Duffy**

Regarding HO O26, People with disability, that the provision of housing for people with disability should be within our Towns/Villages, connected by footpaths and have access to services/amenities and their location in rural areas will not be permissible unless in exceptional circumstances.

49. **Motion - Cllr. K Duffy**

Regarding HO A3, KCC Housing Stock for people with disabilities, ensure that 12% of all new and acquired housing stock meets the needs of those with disability and if retrofitting is required to achieve this on acquired properties, it be included in the decision to purchase.

50. **Motion Social Democrats**

HO A3 To amend - Ensure, measure and monitor that a minimum of 10% of acquired housing stock meets the needs of those with a disability or requiring additional sensory spaces based on medical assessment and then at least 12% of Kildare County Council new builds are suitable for those with a disability.

51. **Motion - Cllr. V Behan**

That All house design, and associated site development, pavement and amenities, facilities adopt a wheelchair friendly universal design.

52. **Motion - Cllr. M Stafford**

Insert a new objective HO 015 "To recognise the strategic and historical importance of Institutional Lands and the opportunities they provide – very often proximate to places of worship, schools and health care facilities and in developing such sites will be cognisant of their former place in the community and will ensure that this service to the community is reflected in the development".

53. **Motion Social Democrats**

New Objective (HOP3)

Housing should be delivered in a manner which facilitates the needs of a diverse range of people, providing a balance in term of unit mix and tenure types. The design, function and layout of housing schemes, when done well, contributes significantly towards the delivery of healthy placemaking. That a

percentage of 10% of homes are provided for persons with a disability or additional mobility requirements. That 10% of housing is built for elder housing.

54. **Motion - Cllr. N Ó Cearúil**  
HO 036 - to add, "Celbridge"

57. **Motion - Cllr. N O'Cearuil**  
HO 036 - To add the following objective;  
  
'That planning applications of more than 50 units in Maynooth must provide 10% of those units as dedicated student accommodation'

58. **Motion Social Democrats**  
  
HO O36 To ensure rents are accessible to working families and the amounts consider the grants rates. That high quality, non-communal living options are in place. That such student accommodation would enable the option of opening up student houses currently rented for provision of families in Maynooth and that inspections of quality of accommodation and rules in respect of anti-social behaviour and designed with security in mind for inhabitants (well lit)

59. **Motion - Cllr. T Durkan**  
  
That a change of roof pitch in established housing estates is positively considered by the planning authority as an option for families to expand their living space rather than having to move home.

60. **Motion Social Democrats**  
  
New Objective  
  
To request the submission of a quality audit including pedestrian and cycling permeability plans as part of new housing developments.

61. **Motion Social Democrats**

New Objective (Section 3.11.1)

That a distinction is made between retirement homes and standard 'family homes' in the Core Strategy allocation in order to recognise the uniqueness of residential retirement accommodation.

**62. Motion Social Democrats**

HO P8; To add - after Travellers - and those fleeing domestic violence

**63. Motion Social Democrats**

New Objective (HOP8)

Seeking to insert an additional objective into the Draft Plan-that the Council increase its stock of emergency accommodation for those experiencing homelessness or fleeing domestic violence.

**64. Motion - Labour Party**

Support and continue to work with relevant agencies to deliver refuges for those who requires same due to Domestic Violence.

**65. Motion - Cllr. B Dooley**

HO O26 Add Objective, 'Support the delivery of Refuge for victims of domestic abuse in each MD.'

**66. Motion - Cllr. S Doyle**

HO O26

Add Objective, 'Support the delivery of Refuge for victims of domestic abuse in each MD.'

**67. Motion - Cllr. V Behan**

3.11.3 The council incorporate the findings in the Safe Ireland Summary Priorities Programme for Government 2020- Tackling Domestic Violence and Coercive Control. And the Women's Aid annual impact report 2020, With its housing / land management policies and practices, incorporating housing, to enable wrap around services, for families, surviving domestic violence.

68. **Motion Social Democrats**

HO O16 To add - having regard to implications on privacy and overlooking, shadow flicker and placement of parking, open space / playgrounds to promote peaceful enjoyment of amenity

69. **Motion Social Democrats**

HO O20 To add after "older people to live independently" in active retirement by developing housing solutions on a needs basis and roll out delivery of min. 200 units within the lifetime of the plan.

70. **Motion Social Democrats**

HO O21 To add after "to meet the needs of older people" to 'facilitate' the provision of....instead of 'encourage'

71. **Motion Social Democrats**

HO O22 To add after "right--sizing" within communities - that a needs assessment will be undertaken and a minimum number of units delivered under this category per year to meet demand

72. **Motion Social Democrats**

HO O23 To add after in particular - to examine a range of community facilities and to encourage meanwhile use in some cases

73. **Motion Social Democrats**

HO O24

To add at the end - to deliver units which meet the needs of applicants and take into considerations their wishes in a timely manner

74. **Motion Social Democrats**

HO O25 To add after reduced mobility - to develop strategies to deliver adequate accommodation within the lifetime of the plan

75. **Motion Social Democrats**

HO O26 To add in after "delivered in an integrated" - timely -"and sustainable manner"

**76. Motion Social Democrats**

HO O27 To add in after "existing properties" in a manner that would not cause any undue delay to the delivery of same,

HO O29 To amend - Support means of preventing homelessness and provide tangible and timely pathways out of homelessness for households, working in co-operation with public and voluntary bodies and actively seeking solutions for same.

**78. Motion Social Democrats**

New Objective

Motion - To set and seek to exceed the targets for this plan in terms of traveller accommodation seeing as the aspiration number for the 2019 to 2024, which was low, was not met in the lifetime of the last plan

The current Traveller Accommodation Programme sets out a combined accommodation need assessment for the period 2019 to 2024, aiming to deliver 73 homes to Traveller families over the five-year period, with 28 of these units proposed as additional Traveller-specific accommodation. To date, 24 standard housing units and 5 Traveller-specific accommodation units have been provided

**79. Motion Social Democrats**

HO O31 To add - As part of the plan to develop a triage service and to implement the guidelines SDG's IHREC

**80. Motion Social Democrats**

HO O33 To add - to support those communities in accessing Council services in their widest provision (arts, culture etc and not just housing alone)

81. **Motion Social Democrats**

HO O34 To add - to support those communities in accessing Council services in their widest provision (arts, culture etc and not just housing alone)

82. **Motion - Cllr.. J Neville**

Objective - That where possible prime zoned industrial locations have high labour-intensive designations to ensure high employment density at these key locations.

83. **Motion - Labour Party**

Objective HO O12 – Change the first sentence of the Objective to read ‘Support and promote the renovation and reuse of obsolete, vacant and derelict homes through the following measures...

84. **Motion - Cllr. V Behan**

Chapter 4 - Housing

In the interest of preserving visual integrity, and with a view to vandal proofing, and preserving a good quality of life, unfinished estates within a town or village.

A. need to be completed.

B. if completion is not possible due to the, rezoning of unbuilt sections of an estate.

The council must offer to buy the land, for recreational/ social/cultural/ environmentally sustainable, amenities to be designed and delivered with an anti-vandal ethos.

Where land was previously zoned residential, and now rezoned recreational the council must again offer to purchase, the land for recreational/ social/ cultural/environmentally sustainable amenities to be designed and delivered with an anti-vandal ethos.

An example of this would be Prusselstown Motion - Green in Athy.

At the very least they need to aesthetically landscaped before building of any new estates begin, with respect to air water noise, safety and light quality.

85. **Motion - Cllr. V Behan**

Quality of construction and materials used in high rise developments need to be of high standard, and generous liveable space meet h.s.a. regulations, (There can never be another Grenfell tower situation).

### **Chapter 3 – Housing (Rural)**

86. **Motion - Cllr. B Weld**

That the qualifying amount of land to be owned by farming families be reduced to 15 hectares.

87. **Motion - Cllr. M Stafford**

That the definition of Farmer at 3.13.3 (i) and (ii) is over complicated – under definition (i) land has to be owned or leased for over 7 years no time requirement under (ii) under (i) applicant does not have to farm and under (ii) does – replace with “A Farmer is a person in your neighbourhood who spends at least 50% of their working time farming land for the purposes of husbandry.”

88. **Motion - Cllr. S Doyle**

HO P22

Add Applicants for one off housing who are demonstrably engaged in full time farming through the leasing of land/ contract machinery work supporting farming activity, will be considered eligible under housing need, where they are seeking to build a family home as their permanent place of residence and will be subject to the standard occupancy clause.

89. **Motion - Cllr. F Brett**

In section 13.3 under social, increase distance from 3km to 5km

90. **Motion - Cllr. T Durkan**

That the 3km rule in zone one of the rural housing policies is increased to 5km.

91. **Motion - Cllr. B Wyse**

In section 3.13.3, change the distance range for Zone 1 applicants to within 4km of their family home.

92. **Motion – Cllr. T. Durkan**

That rural housing applicants who attend school or college away from home will not be negatively affected by the requirement to continuously reside for 16 years in the rural area in which they seek to build their first home on family land or within 5 kilometres of the family home

93. **Motion - Cllr. B Wyse**

In HO O42 and HO O44, update the occupancy condition period from 7 years to 16 years.

94. **Motion - Cllr. B Wyse**

In section 3.18, in the table listing 'Technical Considerations for Rural Housing Proposals in County Kildare', change the duration of the occupancy condition from 7 years to 16 years.

95. **Motion - Cllr. B Wyse**

Remove HO O45, which seeks to encourage re-use and adaptation of existing rural residential building stock.

96. **Motion - Cllr. B Wyse**

In section 3.15.1. append a new objective to "Provide guidance that outlines domestic wastewater treatment systems which may be acceptable on grassland areas which are reclaimed peatlands and contain peat soils."

97. **Motion - Cllr. F Brett**

Section HO P11 add" The Council will take into consideration the shortage of houses available in Towns & Villages for the duration of the plan.

98. **Motion - Cllr. K Duffy**

Regarding HO P19, Restoration/Refurbishment of Traditional Structures, replace the words, 'internal and external walls and roof must be intact', to 'external walls must be identifiable/visible'.

99. **Motion - Cllr. S Doyle**

Table 3.4 Remove first from both zone 1 & 2

100. **Motion - Cllr. M Stafford**

Table 3.4 Remove reference to “first home in the rural area” in the definition of Category B – Social – Same is dealt with better at Objective HO O40.

101. **Motion - Cllr. M Stafford**

Remove footnote 5 form HO O46. Is this a ground for refusal - extra use of stone

102. **Motion - Cllr. M Stafford**

HO O46 Insert the words as appropriate to the scale of the development.

103. **Motion - Cllr. T O’Dwyer**

Under 3.13.4 under HO O47

Requires that all applications demonstrate the ability to provide safe vehicular access to the site without the necessity to remove extensive stretches of native hedgerow and trees or can demonstrate existing hedgerow is not native and provide a landscape design to reinstate a hedgerow

104. **Motion - Cllr. S Doyle**

HO O47

Amend. replace without to where the necessity to remove ..... and trees, the applicant will be required to outline proposals for replacement of same or comparative.

105. **Motion - Cllr. R Power**

HO O40 - reduce the text by eliminating all words after Kildare. [The last part of the sentence asks applicants to provide evidence of something that has not taken place. The spirit of the motion is met in the first part without the extra wording.]

106. **Motion - Cllr. R Power**

HO O41 - Remove this objective.

107. **Motion - Cllr. T Durkan**

HO O41 read as follows to restrict development on a land holding where there is a history of development through the speculative sale of site to an unrelated third party, the planning authority will need to arrive at a balanced and reasonable decision and only consider finance hardship on a case-by-case basis.

108. **Motion - Cllr. D Fitzpatrick**

HO P16

Include 'For the period of this plan the Council will support applications from category A & B (table 3.4, chapter 3) applicants on infill sites to consolidate pattern of development and reduce extension of ribbon development in rural areas.

109. **Motion - Cllr. T Durkan**

That infill or gap sites will be considered positively for applicants that comply with the rural housing criteria notwithstanding ribbon development

110. **Motion - Cllr. T Durkan**

That ribbon development is defined as five or more houses along 250 meters on one side of any road.

111. **Motion - Labour Party**

That ribbon development be defined as a maximum of 5 houses over a length of 250 M on one side of the road only

112. **Motion - Cllr. D Fitzpatrick**

HO P13 Amend policy to replace 5 or more houses along a 250 m length of road to 10 or more houses

113 **Motion - Cllr. T O'Dwyer**

That under 3.13.4 Siting and Design under HO P15 the sentence is amended to include the word Ribbon to read Consider proposals for backland and ribbon development for family members only.

114. **Motion Social Democrats**

Page 83, Para 2, replace 'applicants should' with 'applicants must

115. **Motion - Cllr. T Durkan**

That cluster type developments in rural areas will be positively considered on family farm holdings for applicants who are family members and comply with the social or economic element of the rural housing policy.

116. **Motion - Cllr. S Doyle**

HO P11

Add Policy, 'Support proposals for family clusters on family-owned land for category A & B

117 **Motion - Cllr. S Doyle**

HO P16

Consider proposals for a number of outline planning permissions to support multiple family applications on family-owned land. Such proposals will demonstrate, efficient land use, shared entrance from road, appropriate siting and screening.

118. **Motion - Cllr. T Durkan**

That urban generated rural housing is defined as an applicant who does not comply with the rural housing policy.

119. **Motion - Cllr. T Durkan**

That the rural housing density mapping system used to calculate density in an area will not count any residential units where the 565 metre radius encompasses any town, village, settlement or rural node.

120 **Motion - Cllr. S Doyle**

That reference be made to the number of unfinished one-off rural dwellings, many of which date from 2006-2010, that failed to be completed due to financial difficulties experienced in this period. These

properties are now deteriorating and are a blight on landscape and focus of ASB.

Objective to be included in CDP

'That Kildare County Council will for a period of 30 months from adoption of plan exercise an amnesty on the relaxation of occupancy clause conditions and criteria for eligibility to allow transfer of properties to potential purchasers who have lived within 5 K of site for the previous 8 years.'

122. **Motion Social Democrats**

HO O48 to mandate the mapping of such and the specific hedgerow boundaries of towns villages and settlements and to prevent removal of same

123. **Motion Social Democrats**

HO P18 To ensure that same are not permitted to facilitate substandard housing accommodation and high standards are used with 20% Motion - Green and sustainability measures are included

124. **Motion Social Democrats**

HO P25 That boundary and ancient boundary hedgerows not be permitted to be removed and mapping of same must be retained

125. **Motion - Cllr. T Durkan**

That indigenous farming families are considered positively for rural housing particularly when an applicant is taking over the running of the family farm.

The rural density guidelines should not have negative impact on the outcome of this type of application.

126 **Motion - Cllr. B Wyse**

In section 3.14, remove the maps which have been generated from flawed AIRO data. The maps purport to show numbers of rural one-off homes but include settlements such as Allenwood. Derrinturn and

Allenwood, and rural nodes from the current CDP, such as Killina, Ballyteague and Ticknevin

127. **Motion - Cllr. B Wyse**

In section 3.14, remove the sentence "The extracts below (from a rural area in County Kildare) illustrate the intense and significant augmentation of rural housing in the County over a period of 20 years between 1999 and 2019 at 10-year intervals."

128. **Motion - Cllr. B Wyse**

In section 3.14, remove the sentence "has been increasing at a level which cannot be sustained using a finite land resource" or else provide data, research or other evidence to qualify this statement.

129. **Motion - Cllr. B Wyse**

In section 3.14, remove the sentence "This critical question therefore becomes, 'at what point does that the character change' i.e., 'what is the tipping point'? as it is not appropriate for inclusion in a county development plan.

130. **Motion - Cllr. B Wyse**

In section 3.14, append the following text to objective 'HO O50': "Areas which exceed this density at present will be regarded as built-up residential areas and further development may be accommodated in these areas."

131. **Motion - Cllr. B Wyse**

In section 3.14, append the following text to objective 'HO O50': "Exceptions will be made in areas where there are public transport networks within 10 minutes walking distance, or where there are pedestrian or cycling links no more than 10 minutes to the nearest settlement.

132. **Motion - Cllr. M Stafford**

That the Council acknowledges that application of the Single Rural Dwelling Density is arbitrary and does not guide development to appropriate locations in rural areas and does not respond to specific

characteristics and sensitivities of the receiving environment and the proposed site and landscape.

133 **Motion - Cllr. S Doyle**

3.14 Consideration of rural densification will not apply to those who have an economic or health requirement to live in rural countryside.

134. **Motion - Cllr. B Dooley**

Delete HO O50 which reads as follows;

Carefully manage Single Rural Dwelling Densities to between 15 and 25 units per square kilometre and ensure that the density of one-off housing does not exceed 25 units per square kilometre, unless the applicant is actively engaged in agriculture, or an occupation that is heavily dependent on the land and building on their own landholding.

135. **Motion - Cllr. B Dooley**

In section 3.15.1, HO P23, replace the wording "Require all applications to demonstrate, to the satisfaction of the Planning Authority that the proposed development site can accommodate" with "Require all applications to show, by providing the necessary data and reports, that the proposed development site can accommodate".

136. **Motion - Cllr. S Doyle**

Add new objective to Protect and maintain all surface water drainage at curtilage of site. Where site works impact on surface water drainage effective remedial works will be instated.

137. **Motion - Cllr. S Doyle**

HO P19 Remove V. requiring applicant to meet rural need.

If house is currently habitable it could be owned by someone who does not meet rural need and it is more environmentally friendly to support the rehabilitation of these properties so constraints on same should not be included in CDP.

138. **Motion - Cllr. S Doyle**

Table 3.4 \* 3 & 4 should include examples of acceptable documentary evidence.

139. **Motion - Cllr. S Doyle**

Serviced Sites

That a detailed policy to support the delivery of affordable serviced sites to meet local need demand be included in the CDP. The policy will support demand led supply of suitable sites. To that end the policy should set out a road map that will facilitate the co-operation of local people with a housing need in conjunction with a landowner, in the delivery of a suitably located development of serviced sites. The following details should form part of the road map;

Guidelines on relevant quantum as a ratio of local population should be identified.

Requirement for mixed development.

Requirement that one of every five sites be offered to LA to purchase at a cost rate for delivery of affordable / social housing.

Clear guidelines on infrastructural requirements for site.

Guidelines on suitable locations of sites vis a vie strengthening village settlement, road safety and pedestrian access to local amenities.

Plot Ratios

Requirement for a cohesive, attractive design statement to inform individual house applications that will deliver high standards of architectural design, this might even detail on a range of house types that individual site applicants could choose from with minor modifications (primarily on internal layout and design).

Set timelines for delivery of development in order to prevent the sites being left idle and leaving partially finished development, this may be contained within conditions. It may be helpful to seek legal advice on any existing practice/ legal framework around formation of a cooperative body to navigate such a system. This structure could be similar arrangement where we seek establishment of a management company, who in effect would be the cooperative of prospective house builders.

140. **Motion - Cllr. I Keatley**

- (a) That a serviced sites scheme in line with NPO18b is introduced through full council after careful preparation and consideration by the Planning and Economic SPC in conjunction with the preparation of the CDP.

(b) That Kildare County Council Planning and Housing sections identify council owned lands to progress a number of serviced sites schemes.

141. **Motion - Green Party Group**

Serviced Sites - methodology supporting affordable housing

That Kildare County Council designs and implements a methodology to support affordable housing in serviced sites through the application of ground-rent or other methods that supports equity between affordable developments and traditional housing development models.

142 **Motion - Cllr. B Wyse**

In HO P21, relating to serviced sites, add the wording: "All lands within 2km of a settlement will be considered for serviced sites in addition to the designated lands."

143. **Motion - Cllr. S Doyle**

Should the serviced sites proposals as currently outlined in draft be published, that each village serviced by a primary school within the Kildare Newbridge MD have lands designated for serviced sites. Lands will be selected on basis of proximity to school.

144. **Motion - Cllr. M Stafford**

That the Council acknowledges notwithstanding NPO 18b of the NPF that net effect of any "serviced sites" or "build your own home" scheme will result in the provision of more expensive homes in small towns and villages already curtailed by the settlement hierarchy which will displace other prospective house-hunters with local need.

145. **Motion - Cllr. N Heavey**

KCC recognises the right of (young) people to build/develop homes in their community. To facilitate this, the council will adopt a policy that facilitates community groups developing serviced sites (or a policy for the development of serviced sites) for the benefit of people with a local

need (to build a home in their community) as recognised by the Planning Authority.

For the purpose of this policy a community is defined as a community or settlement with a polling station, a rural node, a village or small town not covered by a Local area plan.

The houses to be developed may include apartments, houses for first time buyers, houses for families, and houses designed for Senior Citizens.

The standard of housing provided in this context shall be in compliance with the standards set out in the Rural Housing Section of the County Development Plan. Besides, houses in these schemes shall be entitled to all relevant grant aid and the ethos of these developments shall be 'not for profit' and self-financing.

146. **Motion - Cllr. B Wyse**

In section 3.16, in policy HO P26, change the wording "designation as Natural Heritage Areas" to "designation as Proposed Natural Heritage Areas".

**Chapter 4 – Resilient Economy & Job Creation**

147 **Motion - Cllr.. Í Cussen**

Chapter 4, Para 4.7, Amend Objective RE O35 to include the following sentence;

'Promote the use of Irish Language signage in the County.'

148. **Motion Social Democrats**

RE O35 To widen the scheme to a) enable the return to use of vacant buildings and the opening of businesses for meanwhile use and b) encourage and support the use of the Irish language on shop front signage.

149. **Motion - Cllr.. Í Cussen**

Chapter 4, Para 4.21, Amend Objective RE O90 as follows;

‘Support the expansion and development of tourism in Kildare, investigating the feasibility of key opportunities such as those centred on the racing industry, retail, heritage, historical heritage, geology, golf and eco-tourism to include: Arthur’s Way, the Dublin – Galway Motion - Green way, the Barrow Blueway, the Shackleton Trail, the Gordon Bennett Route, the Grand Canal Motion - Green way, Brigid 1500 and other opportunities.’

150. **Motion - Cllr. B Wyse**

(a) In objective RE O120, replace the words "Facilitate the development" with "Lead the development".

151. **Motion - Cllr. B Wyse**

In the Tourism Map V1-4.1, correct the spelling of Walking Trail No. 4 to "Killinthomas Woods" in the legend.

152. **Motion - Cllr. B Wyse**

In the Tourism Map V1-4.1, correct the spelling of Heritage No. 6 to "Lullymore Heritage & Discovery Park"

153. **Motion - Cllr. B Wyse**

In the Tourism Map V1-4.1, change the name of 'Motion - Green way Towpath' to 'Grand Canal Motion - Green way' in the legend.

154. **Motion - Cllr. B Wyse**

In the Tourism Map V1-4.1, correct the spelling of Gardens No. 3 to "Coolcarrigan House & Gardens"

155. **Motion - Cllr. K Duffy**

In the Tourism Map, include Heritage symbol on Monasterevin for its significant and unique heritage from St. Evin’s Monastery and Moore Abbey House and Demesne – Earl of Drogheda to fine examples of Georgian Streetscape and Architecture parallel to that of Dublin (West End, Moore Street, Monasterevin House, Togher House, etc.) and to its many bridges that gave it the name, The Venice of Ireland, Aquaduct, Viaduct and many historical and listed bridges.

156. **Motion - Cllr. B Wyse & Cllr. M Stafford**

Recognising that renewable energy developments can hinder, impede or reduce biodiversity particularly on peatlands, that policies and objectives are included that will ensure that such developments are sensitively located outside areas of high nature value or high nature value potential.

157. **Motion - Cllr. K Duffy**

In Table 4.1, Economic Development Hierarchy, Monasterevin is listed in the wrong settlement type, it should be in Self-Sustaining Town and adjust the paragraph to outline it's employment offering potential. Potential for tourism growth and industry around distilling and brewing with the recent investment in the Church of Oak Distillery (circa \$20 million).

158. **Motion - Cllr. K Duffy**

In sections 4.4.6 SST and 4.4.7 Towns, Monasterevin is listed in the wrong settlement type, it should be in Self-Sustaining Town and include an objective to outline it's employment offering potential. Potential for tourism growth and industry around distilling and brewing with the recent investment in the Church of Oak Distillery (circa \$20 million).

159. **Motion - Cllr. J Neville**

Action - To protect and Promote key sites in the north of the county including the Wonderful Barn, Obelisk, and other key sites linked to the estates of Carton and Castletown

160. **Motion - Cllr. K Duffy**

Regarding RE A4, Urban Growth, include in the action to audit existing employment lands (developed or undeveloped) to understand how to progress/enable further economic activities on these already zoned lands.

161. **Motion - Cllr. K Duffy**

In the objective RE 052, FDI, insert the words, 'throughout the County to build more sustainable communities' after Enterprise Ireland.

162. **Motion - Cllr. K Duffy**

Regarding RE 078, Agri-Food Sector, strengthen this objective so that the Athy MD is a focus area for Agri-food and Agri circular economy innovation and development, leveraging the Athy Food, Drinks and Skills Innovation Hub at the centre and other sites in the Athy MD as expansion of this theme for spin-outs or larger rural enterprises that need agricultural space to scale-up an innovation from the Food Hub.

163. **Motion - Cllr. K Duffy**

In section 4.25, The Barrow Blueway, add a new objective: "Create a strategy to develop and promote Monasterevin as centre for Distilling and Brewing that builds on the history of Monasterevin (Cassidy Distillery and Brewing Co.) and the current investment at the Church of Oak Distillery."

164. **Motion - Cllr. K Duffy**

Change the reference in objective RE O126 to the river flowing through Rathangan to the Slate.

165. **Motion - Cllr. M Stafford**

Insert as part of RE 088 or otherwise an objective to erect gateway signage at County boundaries.

166. **Motion - Cllr. M Stafford**

That the Milltown Feeder is included as an objective at RE 0128.

167. **Motion - Green Party Group**

That the following paragraph is added to section 4.22

'Environmental Sustainability and Tourism' considers interactions between tourism and climate change, and the impacts of one on the other. Further in the chapter, eco-tourism, the potential of outdoor assets both natural and manmade, and the possibilities offered by environmental initiatives such as rehabilitated peatlands are examined. However, addressing climate change is not just a threat, but offers opportunities for themed educational tourism. Given the expertise of third

level institutions within the county in the area of climate change, there may well be themed tourism opportunities in combining this and the environmental assets within the county in leadership initiatives around climate change.

168. **Motion Social Democrats**

New Objective

‘To facilitate the development of tourism infrastructure such as accommodation, restaurants, car, motor home vehicles, camping and coach parking and toilet facilities throughout the County’

169. **Motion Social Democrats**

New Objective; That cycle tourism should be encouraged throughout the County as well as provision of services for seasonal tourism campervans to stop overnight. The Council should allow motorhomes to use existing tourism facilities or other amenity car parks for one night stopovers by arrangement and development dedicated seasonal tourism motorhome spaces in towns and villages

170. **Motion Social Democrats**

RE O12, pg 89

Add ‘Digital Hub’

171. **Motion Social Democrats**

RE O21 pg 94

(a) Insert for Naas section as in Maynooth section. Re016. “ Coordinate the delivery of strategic infrastructure.....Naas.....

172. **Motion - Labour Party**

Recognising the importance of new sources of sustainable employment, the Council will work with Bord na Mona, Coillte, NPWS and all relevant stakeholders to develop a Peatlands National Park for the midlands, centred in Kildare, to include areas of high nature value, amenity, education, science and eco-tourism potential.

173. **Motion - Cllr. Joe Neville**

Objective - To tie in development of outlying strategic Developments with the renewal of the town centres they will be located near. Eg the development of Collinstown & the Hewlett Packard site with the renewal of Leixlip town

174. **Motion - Cllr. Joe Neville**

Objective - To develop incubator hubs in the town centres of the Self-sustaining growth & Self-sustaining towns rather than focus specifically on new Motion - Green field sites

175. **Motion - Labour Party**

That Kildare County Council work with Bord na Mona to develop an enterprise centre on their lands at Kilberry Athy

176. **Motion - Labour Party**

That Kildare County Council work with the landowner to develop a tourist attraction at Mullaghmast Rath

177. **Motion - Labour Party**

That Kildare County Council develop parking and associated works at Moone High Cross

178. **Motion - Cllr. B Dooley**

RE P15/ RE107 Enhance tourism in the South of the County with a Fitzgerald Family Trail, utilising Blueway as the transport artery to sites.

179. **Motion - Labour Party**

Objective RE090 include the Maid of Athy Trail, The Shackleton Museum

180. **Motion - Cllr. B Dooley**

RE O124 To include the town of Athy as a starting or destination town, with Maid of Athy music trail, Shackleton Museum, as above, develop a Fitzgerald Trail, History of Malt tour etc.

181. **Motion - Labour Party**

That Kildare County Council supports and facilitates the redevelopment of the Dry Dock, Athy

182. **Motion - Labour Party**

That Kildare County Council in association with the office of public works develop the Abbey at Castledermot as a tourist attraction

183. **Motion - Labour Party**

186. **Motion - Cllr. S Doyle**

RE O42 Spell check, Cherryville

187. **Motion - Cllr. S Doyle**

4.20 Include a specific objective that supports commercial activities associated with Sports Horse.

188. **Motion - Cllr. S Doyle**

RE O104 I have concerns that this objective might undermine the viability of Kildare town as the County tourism office. If objective remains, I think it should be for North of County and also re phrase

Examine the feasibility of establishing another tourist office (Kildare town has a Bord Failte approved tourist office) or visitor centre in North of County.

189 **Motion - Cllr. S Doyle**

RE O138 Amend to identify Kildare as location for this hub.

Locating this hub in Kildare could help in attracting footfall from KROV and also support objective to develop a strong independent retail offering in town. Opportunities for conventional retail in Kildare town have been severely undermined through development of KROV and proximity to Newbridge. However the spin off specialist arts and crafts retail that could emerge from Hub would be a perfect counter balance and could greatly benefit from large visitor numbers to visitor attractions clustered around town.

190. **Motion – Cllr S Doyle**

4.29 RE 0139 Amend to include

Identify Festivals within County that have potential to become National and International events and actively support them in exploiting this potential.

191. **Motion - Cllr. C Kelly**

4.27 Include objective

Working with Failte Ireland to develop Bodenstown Cemetery and environs as a tourism destination centre.

This will enhance the tourist offering in the area, fits with Ireland's Ancient east for the culturally curious and will also help to increase dwell times for visitors on the canal.

192 **Motion - Cllr. V Behan**

4.32 To Maximise our waterways as a tourist destination, riverway walks entrance points and jetties Should include adequate lighting, fresh water points, Recreational /seating, picnic areas, added safety measures such as life buys and cameras, all to be of a vandal proof design.

193 **Motion - Cllr. V Behan**

Brown signs taking traffic from the M9, identifying an alternative tourist route to Kildare Town via R747, to R448.

Equine tourism, featuring equine walking paths, bridle ways, tracks and trails.

196. **Motion - Cllr. V Behan**

The motorsport museum Mondello, and the Gorden Bennett Route to be developed, with a view to further developing tourism in the county.

197. **Motion - Cllr. V Behan**

Table 2.9 In the interests of equitable distribution on expenditure and employment throughout the county and the quantum of underdeveloped land in the Athy area, coupled with the county's need for data centres, a need which could be ideally met in this location with easy access to Maynooth via the M9 and the technological university of the southeast Carlow campus.

198. **Motion - Cllr. V Behan**

That lands within the South of County be considered for use as Data centres

199. **Motion - Cllr. J Neville**

Objective - That where possible prime zoned industrial locations have high labour-intensive designations to ensure high employment density at these key locations

200. **Motion Social Democrats**

RE O2 That a specific plan in respect of innovation services and Motion - Green industries be developed within the first three years. To highlight Kildare as a viable option for the development of materials and technology to promote Motion - Green industries (e.g retrofitting materials / sustainable recycling industries)

201. **Motion Social Democrats**

RE O3 To encourage businesses to open in unused town centre buildings, to reduce commuting by promoting meanwhile use of spaces and to develop remote working sites

202. **Motion Social Democrats**

RE O5 Add at the end - to recognise the risk of populations being pushed out of the area if less affordability is built into the plan and also the lack of social infrastructure in some areas is an impediment to high quality living.

203. **Motion Social Democrats**

RE A2 to do this within the first two years of the plan and to promote employment in areas of new growth (this should have been done in preparation of the plan)

204. **Motion Social Democrats**

Table 4.1 (Economic Hierarchy) Not to limit efforts to those listed in the table as there is scope for tourism employment, targeted innovation in industry and other aspects in addition to ICT, Bio / Bloodstock

To seek to provide car-free zones in urban areas where appropriate, where there are benefits increase active travel, the environment and/or the local economy

243. **Motion Social Democrats**

TM A1 New Objective

That this Development Plan reflects the need for enhanced transport connectivity in our rural villages

244. **Motion Social Democrats**

TM T1

Amend to = As a minimum, reduce the current car-based trips to work from 74% to 45% and the car-based trips to education from 50% to 35% by the end of this Plan period.

245. **Motion - Green Party Group**

Modal shift targets at 29% do not attain national 50% and net-zero targets

That the minimum modal shift targets outlined in Table 5.1 are modified to meet the carbon reduction bill targets and legislation which require a 51% reduction in GHG by 2030 and a net zero by 2050. The current targets fall significantly short of these requirements and that these are revisited when the clear guidelines and targets are provided by the department.

365 **Motion - Cllr. V Behan**

EC 02, In line one, swap “positive” with “informed”.

366 **Motion - Cllr. K Duffy**

In objective EC O6, insert the Sustainable Energy Communities as a key consultation stakeholder (where established) in this objective

367 **Motion - Cllr. B Wyse**

In objective EC 06, change the word "encourage" to "require".

368 **Motion Social Democrats**

Supporting community models of renewable energy projects as follows  
“It will be the policy of KCC to promote and support community models of ownership which have been shown to increase support for renewable projects amongst surrounding communities”.

369 **Motion Social Democrats**

EC O7 - Add in - to conduct community educational and information project to gather support for the development of and implementation of in the lifetime of the plan SECs for the main towns

370 **Motion - Cllr. M Stafford**

EC013 add "and further appropriate public consultation" to this objective given that repowering turbines may substantially alter the nature of the development.

371 **Motion - Cllr. K Duffy**

Regarding objective EC O15, change wording regarding the disposal of same to landfill from "will not be encouraged" to "will not be accepted".

372 **Motion - Cllr. B Wyse**

That a new policy be added following EC P17 with the wording, "In order to promote the tourist development potential of 'after use' peatlands and the identification of the Bog of Allen as a walking trail on the Tourism Map in this plan, that areas where the Bog of Allen can be viewed as an expanse in the surrounding landscape must remain uninterrupted."

373 **Motion Social Democrats**

377 **Motion Social Democrats**

New Objective - Provision of electric car charging facilities in every town and village

378 **Motion - Cllr. K Duffy**

That section 7.12.7 on Peatlands makes reference to the recent KCC report on West Kildare and transitioning under the Just Transition Fund. This report and its recommendations must be incorporated through an objective.

379 **Motion - Green Party Group**

Infrastructure ... Data Centre Energy

Proposed modification to EC O58 and addition of EC O59

EC O58 Require data centres to consider the use of sustainable renewable sources of energy to fuel their operations in whole in the first instance or in part where this is not possible and where it has been satisfactorily demonstrated not to be possible, and that where in part, a transition to greater levels of sustainable energy is required over time.

E059 That such sustainable and renewable sources of energy are clearly demonstrated to be new supply and do not take away from the energy demand forecast to meet the significantly increased demand on the national grid capacity from increased use of electric vehicles, electric home heating and other industries as energy consumption transitions to sustainable electric energy to meet our GHG reduction targets.

380 **Motion - Cllr. T Durkan**

That all data centres are required at application stage to submit a feasibility study for the provision of a district heating system for the nearest town, village or industrial estate.

381 **Motion Social Democrats**

EC O58 New Objective - Data Centres should be carbon neutral

7.13.1 That if provision of 93.242 HA of land is to be given over to data centres that the plan instill that data centres must be carbon neutral.

382 **Motion Social Democrats**

New Objective

Instill the capacity in power grid of 30% over capacity prior to permission for Data Centre

383 **Motion Social Democrats**

EC O56 - Data Centres: 'To consider that lands suitable for the development of Data Centres demand a confluence, or where possible, a co-location of required infrastructure (including fibre and power requirements, as well as supportive road infrastructure); subject to the standard criteria of assessment expected for this form of development, including design, scale and layout, noise, traffic, ecological impact, and not otherwise in contravention of the strategic policies set out in this Development Plan'

384 **Motion Cllr V. Behan**

In the interests of equitable distribution on expenditure and employment throughout the county and the quantum of under-developed land in the Athy area, coupled with the county's need for data centres, a need which could be ideally met in this location with easy access to Maynooth via the M9 and the technological university of the southeast Carlow campus.

385 **Motion Social Democrats**

7.13.1 Data Centres

That if provision of 93.242 HA of land is to be given over to data centres that the plan instil the capacity in power grid of 30% over capacity prior to permission for Data Centre

386 **Motion - Cllr.. J. Neville**

Objective - To ensure where new developments are being built that noise and dust regulations are focused on and adhered to with neighbouring estates

387 **Motion - Labour Party**

Facilitate and support the provision of broadband along the Blueway.

388. **Motion - Cllr. V Behan**

Telecommunications infrastructure needs to be seriously considered, as to the impact multi lattice structures have on rural scenic areas. Some having trebled in size, from when they were originally built. A more appropriate rural friendly design, such as tree camouflage and single pole structures should be encouraged. Where electrical pylons exist, these structures should be considered as mounts for telecommunications antennae.

389. **Motion - Cllr. V Behan**

To make mandatory the connection of broadband cables, for example. The cables come in 500, meter lengths, if a home is further than 500 meters from the road, typically the occupiers will not get broadband to their home. Previously the cables had been 1000, meter cables, and this wasn't a problem. However, it is now, I understand that the cable will only be supplied in 500, meter lengths. One must understand that this, is a predominantly rural issue.

390. **Motion - Green Party**

To include new objective: Recognising that renewable energy developments can hinder, impede or reduce biodiversity particularly on peatlands, the Council will ensure that any such developments are sensitively located outside areas of high nature value or high nature value potential and that biodiversity impacts are fully addressed in the environmental impact assessment and are taken full account of in any decisions on such developments.

391. **Motion Social Democrats**

EC A4 - Within the first two years of the CDP

392. **Motion - Cllr. K Duffy**

Regarding section 7.5 Wind Energy, that the areas north and northwest of Monasterevin are changed from considered Zone 1 – Acceptable in principle to Zone 3 in their entirety, due to the following reasons:

1. Area is flight path and training ground for the Department of Defence and from Baldonnell airdrome.
2. Barrow and Figile rivers are part of the SAC and form the boundary with Laois and Offaly in the Quinsboro area, which doesn't appear to be taken into consideration and would be of high landscape and biodiversity sensitivity.
3. Grand Canal NHA which doesn't appear to be taken into consideration and would be of high landscape and biodiversity sensitivity
4. Lands between the SAC and Grand Canal and their close proximity to each other have been identified by Bird Watch Ireland as important nesting grounds for rare birds
5. Significant number of scenic views in the wider Monasterevin area.

**Chapter 8 – Retail**

393 **Motion - Cllr. K Duffy**

Monasterevin Core Retail Area: That the Monasterevin Core Retail Area is expanded to include Main Street and the inclusion of a Neighbour Centre at the Mill Street, Shopping Centre and Glanbia, Cowpasture, Monasterevin. (Maps submitted)

398. **Motion - Cllr. S Doyle**

Table 8.1 Designate Kildare Town in Tier 2, given retail floor space that it commands (KROV)

399. **Motion - Cllr. S Doyle**

RET O21 Add, 'Provide adequate off street car parking spaces in town centres to enhance convenience for destination shoppers and compete effectively with out of town big box retail. Where viable identify appropriate locations for delivery of multi storey parking. To ensure that our retail towns are competitive, that an audit of available spaces be undertaken to inform required provisions through LAP.

Reading chapter 5 & 8 it is clear we are making huge and admiral efforts to reduce traffic movement and car dependency. However we need to be careful that these policies do not have a negative impact on the viability of our town centres function in the competitive retail market. Our proximity to large retail offerings such as Liffey Valley, Dundrum and Blanchardstown SC make us very vulnerable to increased retail leakage if we do not address convenience of shoppers in what is predominantly an inclement climate.

400 **Motion - Cllr. S Doyle**

RET O22 Recognising the impact of large convenience retail in the delivery of footfall and their value in strengthening town centre, that appropriate locations within town centres are identified and zoned specifically for delivery of large convenience retail.

401. **Motion Social Democrats**

RET O33 - add - taking into account the needs of the population and seeking to consult them in the process

402. **Motion Social Democrats**

RET O34 - add - put into place measures for meanwhile use and innovative design

403. **Motion - Cllr. S Doyle**

Include statement that acknowledges the unique status of KROV but also clearly defines its function as a shopping centre for discount retail and some further statement that restricts its ability to extend its food offering.

404. **Motion Cllr. S Doyle**

8.7.2.4 Reference: ' Kildare is designated key tourism town of County by Failte Ireland.'

405. **Motion - Cllr. S Doyle**

RET O44 Capitalise on tourism potential of Town by supporting development of strong independent retail presence, creating a unique character and shopping experience.

406. **Motion - Cllr. K Duffy**

Objective RET O47, include a reference to Distilling and Brewing as a potential economic and retail growth area aligned to Tourism.

407. **Motion Social Democrats**

566 **Motion - Labour Party**

That all Kildare County Council playgrounds include at least one disability access play piece

**Chapter 14 – Urban Design, Placemaking & Regeneration**

567 **Motion - Cllr. N O’Cearuil**

UDPR A2 Include ‘College Lands, Maynooth’

568 **Motion - Cllr. N O’Cearuil**

UDPR A2; to add, "Collegelands, Maynooth"

569 **Motion - Green Party Group**

1. Quarter-based planning:

That the principle of quarter-based planning of towns and villages is outlined clearly in the Kildare County Development Plan and in the Local Area Planning for towns and villages, with planning processes based on an appropriate urban design code to create positive new streets and communities. Such quarters would provide services within reasonable walking and cycling distance for the majority of residents, and that such quarters be designed as neighbourhood centres supporting GP and childcare services as well as retail, hospitality and other local services in appropriately designed buildings.

570 **Motion Social Democrats**

New Objective - Greater priority is to be given to the pedestrian environment in the town centres and new UDZs and town renewal plans

will reduce the dominance of the car in this part of the town centre”.

**571 Motion Social Democrats**

To insert an objective to adopt the 15-minute town.

**572 Motion - Cllr. S Doyle**

UDP O8 To include or add new objective

Delivery of building height to support mixed development, to include spacious downsizing opportunities and units that facilitate an adaptable layout to suit various home owner requirements will be encouraged.

Aiming to achieve attractive options for ABC1 category of home owner, and also idea that people can buy space that can function as a large open plan loft style apartment or a 2/3 bed unit. This will require a build design that can be adapted with flexible final fit and also have advantage of changing function throughout its life cycle. Expensive but potentially helpful in shifting perceptions around apt living.

**573 Motion - Cllr. S Doyle**

UDPR A3 Include Kildare

**574 Motion - Cllr. S Doyle**

UDPR A7 Investigate a pilot scheme in Kildare town, engaging with property owners to develop a cooperative approach in tackling vacancy and establishing a town centre that supports and promotes independent retail that will complement its status as key tourism town in County.

**Chapter 15 – Development Management Standards**

**575 Motion - Cllr.. Í Cussen**

Chapter 15, Amend Para 15.4.15 to include the following text:

The Council promotes and encourages the use of Irish Language for the naming of new residential developments in the County.

The Council commits to reviewing the Council's naming of New Residential Developments (2018) policy document.

**576 Motion Social Democrats**

New Objective - housing developments name and display their developments in both Irish and English and when estates are taken in charge, street signs be in both Irish and Eng

**577 Motion - Cllr. S Doyle**

15.4.15 Add 'Proposed names for estate will come before the next MD meeting for approval and recommendation of members'

**578 Motion - Cllr.. Í Cussen**

Chapter 15, Amend Para 15.14 to include the following new bullet point:

- The Council promotes and encourages the use of Irish Language signage in the County, including on shop fronts.

**579 Motion - Green Party Group**

Protecting Trees and Hedgerows (15.1.8 and 15.2.5)

That measures are developed to provide better protection for trees and hedgerows in Kildare within current planning frameworks and legislation, including processes to apply developer bonds to the retention of mature trees and hedgerows, and to apply bonds to the enforcement of replanting of removed trees and hedgerows as a less satisfactory option.

**580. Motion - Cllr. M Stafford**

AH 017 That the Council would impose a cash bond repayable after two years from completion of the development to ensure that the planted hedge has taken hold.

581 **Motion - Cllr. T Durkan**

That a crèche granted within a residential development must be ready for occupations before any residential units are occupied.

582 **Motion Social Democrats**

New Objective - condition planning permissions for large developments containing crèche facilities and playgrounds to be completed in the early stages of the development.

583 **Motion - Cllr. T Durkan**

That all approved housing bodies with residential developments over 75 units are required to provide a crèche in the case of new applications for planning permission or retrospectively apply for planning permission to provide a crèche when a vacant unit becomes available within the development in question and that the building is completed internally to a reasonable standard and not offered for sale or rent as a shell.

584 **Motion - Cllr. T Durkan**

That all new residential or commercial developments which have a public street lighting element will be required to install solar LED street lights.

585 **Motion - Cllr. T Durkan**

That all commercial developments are encourage to provide roof mounted solar pv panels to offset their energy requirement.

586 **Motion - Cllr. T Durkan**

That solar and or Pv panels are a requirement for all new residential developments.

587 **Motion Social Democrats**

15.4.9 - To prohibit the delivery of co living developments throughout the lifetime of the plan

588 **Motion Social Democrats**

15.4.10 - Within 5 years of the completion of a MUD estate, the management company shall reduce the size to take into charge the apartments and open space and not the houses and parking spaces.

589 **Motion Social Democrats**

15.4.8 - That build to rent shall comprise no more than 1% of any larger housing estate

590. **Motion Social Democrats**

15.4.16 - That taking in charge policy shall incorporate timelines for compliance and any estate not taken in charge 5 years after construction shall have a particular plan put in place to ensure compliance and progress towards taking in charge.

591 **Motion Social Democrats**

15.6 - As part of the open space strategy the Council will develop mapping to demonstrate how 2.5 hectares of Open Space is provided per 1,000 of population in each town.

592 **Motion Social Democrats**

15.6.1 - 1.6 hectares of outdoor sports area should be provided per 1,000 of population and that an annual report is produced to demonstrate how this is delivered and which development contributions were applied in support of same

593 **Motion Social Democrats**

New Objective - provide well designed open Motion - Green space and parking in new housing developments that will demonstrate a sense of community and pride

594 **Motion Social Democrats**

New Objective - Specific policy be included in the Draft Plan-that no permission be given for new hot food takeaways within 1km of primary and/or secondary schools

595 **Motion Social Democrats**

New Objective - To insert an objective to restrict the sale of fried food in retail units during school hours, within 500m of schools.

**596 Motion Social Democrats**

New Objective - Crime Prevention Through Environmental Design through the implementation of new development standards for public space, private residential estates, public buildings, multi-storey/underground car parks, town centre development, rural development, commercial development, development/checklists and documentation to be provided

**597 Motion Social Democrats**

Ensure that all new developments only plant Native trees, pollinator planting.

**598 Motion Social Democrats**

Ensure that bicycle parking as part of apartments are covered and have good passive supervision.

**599 Motion Social Democrats**

New Objective -In order not to cause excessive light pollution, exterior sign lighting including LED sign lights as commonly used by pharmacies and service stations should be restricted and conditional to the opening hours of the said business.

**600 Motion - Cllr. S Doyle**

Table 0.3 That we increase minimum floor and storage space requirements by 10% in one and two bed category & increase storage and private open space requirement in three & four bed category by 10%

**601 Motion - Cllr. S Doyle**

15.4.15 Add 'Proposed names for estate will come before the next MD meeting for approval and recommendation of members'

**602 Motion - Cllr. S Doyle**

Table 0.4 Increase minimum floor area by 10%

**603 Motion - Cllr. S Doyle**

Table 0.4 Add; It will be permissible to deliver reduced private open space when the overall space achieved for units exceeds current minimum standards.

**604 Motion - Cllr. S Doyle**

Table 0.5 Amend cycle standard;

Remove all requirements for visitor spaces

Requirements for commercial should be as a ratio of staff numbers and a ratio of 1 space per 15 car parking required

The requirements for provision of spaces should be sufficient to provide excess space for visitors.

The standards set out seem excessive

**605 Motion - Cllr. S Doyle**

15.7.3 Bus shelter developments will have regard to design statements within town LAP

**606 Motion - Cllr. S Doyle**

15.7.8 Table 0.9 Amend:

Nursing Home: To be determined by Planning Authority on a case-by-case basis

Secondary School: 3 per classroom

Creche: 1 per 5 children

Hospital: .5 per bed

Community Centre/ Library: 1 per 15 sqm

Funeral Home: 1 per 15 sqm

**607 Motion - Cllr. S Doyle**

15.7.8 Add to text:

Applications for franchise coffee shops or drive through fast food outlets will generally not be permitted within the curtilage of car park provision.

**608 Motion - Cllr. S Doyle**

15.7.8 Add to text:

Applications for franchise coffee shops or drive through fast food outlets will generally not be permitted within the curtilage of car park provision.

**609 Motion - Cllr. S Doyle**

15.7.8 Add - Where private car parking enforcement is engaged to manage space, the spaces will be clearly marked with a Countywide standardised block colour of purple and clearly sign posted as private enforcement

This is important to distinguish privately managed spaces from LA spaces that are governed by our bye laws. Frequently the public make assumptions that they are parking in LA spaces and as a result can be clamped in out of hours periods.

**610 Motion - Cllr. S Doyle**

15.9.6 & LR O16 That we determine a level of extractive industry activity that is sustainable for the County and apply a quota per annum. This level will be determined having regard to the volume of traffic, local amenity, environmental impact. Consideration might also be given to an embargo on all activity from Fri 6pm to Mon 8am.

**611 Motion - Cllr. S Doyle**

15.0.1 Should this section require that applicants demonstrate that they are approved for licensing. I have concerns around the potential proliferation of such sites and capacities to monitor same. Large scale operations, subject to comprehensive independent monitoring may be more sustainable and preferable in terms of environmental safety concerns.

**612 Motion - Cllr. S Doyle**

15.12 Does Seveso sites include large industrial battery storage plants?

That we include a policy requiring that Seveso sites be assessed with regard to strengthening the provision of nearest fire service as a condition of planning.

613 **Motion - Cllr. S Doyle**

15.13.2 Add, The impact of proposed development on primacy of town centre will be considered in determining the application.

614 **Motion - Cllr. S Doyle**

15.13.4 Add: Acknowledging the potential impact of Large Convenience Stores on primacy of town centres, applications to develop on suitable brownfield sites within the town centre will be encouraged.

615 **Motion - Cllr. S Doyle**

15.13.7 Add Gaming Arcades will generally not be considered other than where proposal is part of a large tourist attraction.

616 **Motion - Cllr. S Doyle**

Include Policy to inform casual trading activity from vans and mobile food stalls.

‘Commercial activity involving mobile retail units will be subject to market trading bye laws in County and restricted to designated areas identified within bye laws.’

617 **Motion - Cllr. S Doyle**

15.1.8 Amend to replace, ‘ a bond or a cash lodgement WILL be required until the development is TIC. This bond or security must be in place prior to commencement of development and in order to adequately ensure the completion of development must be index linked.

The reputation or otherwise of planning applicant is not sufficient to safeguard the public interest, frequently successful planning applications change hands a number of times and therefore it is important to take a

judicious approach to safeguarding both the public purse and the interest of residents who will ultimately occupy these homes.

**618 Motion - Cllr. S Doyle**

15.2.3 & 15.2.4

Review these standard to ensure that they are not overly onerous in achieving objective of densification and consolidation of town centres. It may be the case that a different standard will apply sequentially from town centre locations.

**619 Motion - Cllr.S. Doyle**

15.2.5 To include, Proposals to provide large semi mature trees in strategic land mark locations of appropriate species will be considered favourably. Such planting may be accompanied by underlighting to further enhance the public realm amenity.

**620 Motion - Cllr. S Doyle**

15.2.5 To include, Where gateway to town sites are being developed, applications will be encouraged to include a planting scheme that is consistent with town approach design statement and will where appropriate seek to include planting that can enhance Christmas lighting programmes.

**621 Motion - Cllr. S Doyle**

15.2.5 To include, Landscaping plans for residential developments will be required to have regard to delivering strong recreation amenity value and also be delivered in a manner that will facilitate practical and economical maintenance and not cause an undue burden on residents or LA post TIC.

**622 Motion - Cllr. S Doyle**

15.3 To include; LAP's will include a guidelines to inform design statements in order to create a strong consistent sense of place for each settlement. Where recently adopted LAP do not have such guidelines, the relevant MD will prepare guidelines which will inform developments in that area.

## **Chapter 16 – Monitoring & Implementation**

### **623 Motion - Green Party**

That assessments of key physical and social infrastructure are carried out in local area plans, and where significant infrastructure deficits are identified development proposals are phased and planning appeals are assessed based on the level of infrastructure deficit identified. The assessment would include but not be limited to; road and rail infrastructure, public transport, education, medical and childcare services, leisure and amenity services.

### **624 Motion - Green Party**

That measures are put in place by Kildare County Council to condition and phase development proposed in Local Area Plans on the delivery of significant infrastructure projects and URDF investments, including but not limited the second bridges in Celbridge and Newbridge, the Maynooth Northern and Western relief roads, and the Naas Inner Relief road project.

### **WIND ENERGY STRATEGY**

673 **Motion - Cllr.. K Duffy**

That the Wind Strategy be updated to include the following:

1. M7 corridor as a buffer zone with regards to aviation,
2. Update Map 8 to include KCC/ABP decisions so the map is current,
3. The strategy is based on the Landscape Character Assessment (LCA) from 2004; 18 years old - it undervalues the importance of the Grand Canal corridor as part of the Barrow Blueway as this strategic plan didn't exist in 2004. The LCA needs to be adjusted for material movements and considerations before the Wind Strategy is finalised.
