That the council erect flexible plastic safety bollards in the middle of the road at selected locations in Sallins.

8. **Motion – Councillor Anne Breen**

Based on an EU Directive that road noise be reduced wherever possible on health grounds, that the Roads Authority be requested to:

- (1) Resurface a 1 kilometre stretch of road on the N7 adjacent to Kill Village with noise reducing material.
- (2) Reduce the speed limit on the same stretch from 100 km/hr to 80 km/hr.

That the Age Friendly parking spaces in South Main Street be more clearly identified with a bigger sign and road surface marking identification added.

That the council identify the provision of a cycleway and pedestrian footpath from Caragh to the Millennium Business Park as a priority for a funding application to the National Transport Authority and that a draft design be completed for same.

11. Motion – Councillor Sorcha O'Neill

That this Municipal District Committee writes to Irish Rail stating our dismay about the recent price increase for car parking at the Sallins train station.

Can the council request Transport Infrastructure Ireland to complete the erection of barriers on the Junction 7 exit ramp to prevent the continuing illegal and dangerous parking of HGV's on the ramp?

16. Question – Councillor Seamie Moore

Can the council review the timing arrangements allowed to pedestrians whilst crossing the North Main Street pedestrian crossing, as elderly people are identifying that whilst crossing from east to west side, traffic is already moving on a given green

17. Question – Councillor Seamie Moore

Can the Roads Section confirm if it has made any written proposals or intends to make any contact, with the National Roads Authority, Central Government or any other body to seek approval/support funding to lease/purchase and develop lands for Park & Ride Facilities at a) for Naas Town Centre Relief b) Sallins Rail Station Parking or c) M7 Commuter Traffic reduction?

Housing and Corporate Services (4:40 pm)

18. Motion – Councillor Seamie Moore

Since the Housing Section has indicated that it has no immediate plans for the use of lands for housing development in the North West Quadrant, known as the old Waste Water Treatment Plant, as further consideration to the utilisation of this site for housing is required owing to its strategic location within the North West Quadrant Masterplan, that the council now make this site available for a new Naas Municipal Football Stadium and seek Urban Regeneration Funds to develop it to a modern County Town Park.

Water Services and Environment (4:45 p.m.)
