7. Motion – Councillors Anne Breen and Carmel Kelly

That, in line with the works completed on the Railway Bridge in Sallins to increase visibility for the residents of the cottages on the Southern side of the bridge, the council do likewise for the residents and commuters on the station side of the bridge.

8. Motion - Councillor Seamie Moore

That the council select the Craddockstown Road as a 'Quiet Road' for Speed Reduction and future 'Amenity Walking' in the east and southeast quadrant of Naas, requiring future mobility movements of that area to be accessed from the Ballymore and Blessington Roads but retaining Craddockstown Road as the historical 'Walking Road' to the Punchestown Racing Festival and for the development of 'Walking Sunday Festival Events'.

9. Motion - Councillor Seamie Moore

Now that Minister Ryan has decreed that the Naas Transport Mobility Programme was 'too ambitious' and his Pathfinder Funding Supports 'insufficient' due to 'unplanned high inflation costs' and he has proposed a longer programme time for objectives like the successful Kilcullen Road Scheme, that Naas municipal district members and Kildare County Council should take the 'elongated work sentence' as an opportunity to divert forward planning time from some road projects and into the provision of 'Park & Ride' facilities, to alleviate the problems that will arise with only serial plans in position to remove vehicles from the town centre but no alternative pre-planning into the provision of travel services or improved local vehicle movements that are not dependent on the Ministers goodwill or financial supports under his Pathfinder Programme.

10. Motion – Councillor Bill Clear

That the council commence design and costings of pedestrian crossings from Barker and Jones to Permanent TSB and Lawlors Hotel to Chapel Lane as safe walking routes, now that the pathfinder project has been withdrawn by the Minister of Transport.
