

Kildare Town Tidy Towns Presents

Interactive Nature Based Workshops

What do you need to do?

Just follow Kildare Town Tidy Towns on facebook and we will let you know where you can collect your own pack !

What's next?

Each month we will bring you a new creative project **and** supply you with the materials you need to get started. We will then give you a link to our online video demonstration so you can be creative in your own home.

A little extra

Some projects will require you to get outside and do a bit of your own foraging and we will be there every step of the way to help you on your rediscovery of nature.

Here is a small description of what we have coming up...

December

Christmas Creative Workshops

Using natural materials design and create your own Christmas Logs and Wreaths

January

Plant A Native Tree

Add biodiversity to your garden and help with carbon sequestering!!

Hawthorn, Blackthorn, Hazel, Oak, Birch and Rowan

Garden Bird Survey - from Birdwatch Ireland

Receive a seed pack and a bird identification pack and be included in this national survey.

February

Make your own St. Brigid's Crosses

Connect with your ancient heritage and learn two types of St. Brigid's Crosses the Trinity and Square

March

2 x Foraging Workshops

Explore your surrounding nature and learn the ancient skill of foraging

Birch Sap Collection

Learn how to sustainably tap your local birch tree for a nutritional dense spring tonic

Wild Garlic Pesto

Learn to identify wild garlic (a powerful anti-viral) and make your own pesto in the woods.
